

pdfless link sample - page 1

External links (open in the system browser):

pdfless on GitHub

iTerm2

WezTerm

Internal links (jump within this document):

(after clicking one, use "[" / "]" to go back / forward)

[Jump to the top of page 2](#)

[Jump to the middle of page 2](#)

[Jump to page 3](#)

Below is filler text so this page is taller than one screenful, so you can confirm scrolling still works normally alongside the links above.

[illegible]

Page 2 - top

This is the top of page 2, the target of the first internal link on page 1.

[illegible]

-- Mid-page target --

This heading is the target of the second internal link on page 1 - clicking it should scroll straight here rather than to the top of the page.

[Back to page 1](#)

[illegible]

Page 3

Target of the third internal link on page 1.
